

Evaluation Form: Poster # _____

Your name: _____

How would you rate this poster (circle one):

Excellent Very Good Good Average Fair Poor

Poster topic/title: _____

Presenters: _____

Can the entire poster be read from a distance of 1 m? yes no

When you start reading the poster,
is the flow of the poster obvious? yes no
is there an abstract/introduction? yes no
could you easily understand the main points? yes no

Is there enough information for you to understand the current state of scientific knowledge on the issue? Do not just say 'yes' or 'no' – explain your answer.

Is the presentation easy to follow and aesthetically pleasing? (e.g., is it well organized, do colors match well, etc.) If you could change one thing about the aesthetics, what would it be?

If recommendations are made do they seem they realistic? Can you think of a better solution?

Ask at least one question of substance about the information presented in the poster. How well did the presenter(s) answer? Did they seem to know the material?
