

## EEB Seminars for Fall 2010

Date	Speaker - Institution	Host	Title	Location*
9/9	Sir Peter Crane Yale Univ.	Anderson	<i>A Paleobotanical Update on the Early Evolution of Angiosperms?</i>	PBB 130
9/16	Dr. Steven Running Univ. of Montana - Missoula	Silander	<i>A new role for ecologists: the global carbon cops</i>	PBB 130
9/22	Dr. Marc Suchard UCLA	P. Lewis/ Statistics	<b>Special joint seminar with Statistics</b> <i>Phylogenetic likelihoods 100-fold faster, or ridiculously parallel statistical inference?</i>	CLAS 344
9/23	Dr. Gene Likens Cary Institute of Ecosystem Studies, Univ. Connecticut	Teale	<i>The Voice Of Science In Policy Making</i>	Konover Auditorium, Dodd
9/30	Dr. Christophe Dupraz Univ. Connecticut	Bush	<i>Biosignatures in carbonate rocks: organomineralization processes in microbial ecosystems</i>	PBB 130
10/7	Dr. Robert Colwell† Univ. Connecticut	Dept.	<i>Modelling range shifts and richness on tropical elevational gradients under Quaternary glacial cycles</i>	PBB 130
10/14	Dr. Joseph Nocera Trent University	Rubega	<i>Using intrinsic markers to back-track the movements and diet of species-at-risk</i>	PBB 130
10/21	Dr. Peter Reich Univ. Minnesota	Teale	<i>From Simple Traits To Complex Systems: What Do The Humble Plant Leaf And "Advanced" Human Societies Tell Us About The Future Of Planet Earth?</i>	Konover Auditorium, Dodd
10/28	Dr. Kurt Schwenk† Univ. Connecticut	Dept.	<i>Why snakes flick their tongues</i>	PBB 130
11/4	Dr. Armin Moczek Indiana Univ.	Jockusch	<i>On the origins of novelty and diversity in development and evolution: a case study on horned beetles</i>	PBB 130
11/11	Dr. Andrew Revkin Pace Univ.	Teale	<i>9 Billion People + 1 Planet = ?</i>	Konover Auditorium, Dodd
11/18	Dr. Gene Likens Cary Institute of Ecosystem Studies, Univ. Connecticut	Dept.	<i>What's up with Nitrogen at Hubbard Brook? A long-term perspective</i>	PBB 130
12/2	Dr. Nancy Moran Yale Univ.	Simon	<i>Little friends: evolution and genomics of symbiosis between bacteria and insects</i>	PBB 130
12/9	Dr. Philip Kitcher Columbia Univ.	Teale	<i>Can we sustain democracy and the planet, too?</i>	Konover Auditorium, Dodd

\* Unless otherwise noted, all seminars take place at 4 pm on the date indicated

† Sabbatical lecture AKA "what I did last sabbatical"
